Report to the Listener

Jim Berland, General Manager.

KPFK and Pacifica Foundation are facing serious financial problems. Our subscription income. which increased last year by more than \$90,000, or 20%, has stopped growing. From January of this year through August, our income remained the same as last year. This will not meet our budgeted expenses for the year, and we will be forced some \$20,000 back into debt. The fall-off in increased support seems to be largely the result of the current economic crunch. KPFA has reported the same problem.

We are also faced with proposed enormous increases in phone and electricity expenses, having already absorbed tremendous increases in postage and large phone increases.

We are taking steps to bring expense down—steps which will limit our programming capacity, but will be necessary until we show some further growth. Those steps involve cost savings as a result of a new telephone system installation, and reduction in allocated staff time in programming, production, administration and development. This will necessitate greater volunteer involvement and support of the station.

We are proceeding with the attempt to sell our building and buy in a cheaper location. If successful we would be able to retire our debt and capitalize our equipment needs. This would further the material basis for growth.

But all of this will not be enough if we are unable to attract more listeners and subscribers.

While delays have forced our transmitter installation back a few weeks, we are hopeful that it will be completed in October, and that we will be able to benefit from a more powerful signal, but all of this must be linked to the active outreach to new audiences and new people.

To accomplish this we must build a successful fund drive this fall. This accomplished, we plan to launch a massive campaign in 1983 to put KPFK on a permanently firm footing. We are just in the planning stages for that effort and will be writing more about that in the near future.

To make matters more difficult for KPFK, the construction of a new building across the street is interfering with our signal. We will be forced to buy new equipment and relocate it, at a cost of \$10,000. This must be completed in the next month, or we will be off the air. We are asking for special contributions for this emergency during the next couple of weeks, and I hope by the time you read this we will have solved the problem.

Federal and State budget problems promise no serious improvement in the funding picture. We continue to pursue grants and this tax support, but we know that to save 1984 we are going to have to be independent of all government

Pacifica Radio has a major role to play in our communications future-the financial difficulties which have plaqued us during our entire history are a reflection of the dedication to that goal. It is not necessary that we always be on the verge of extinction to be on the cutting edge of change. You the listeners and subscribers will be asked to do something special this fall and in 1983 to make sure that we are around to face down Big Brother.

> For Pacifica, Jim Berland, General Manager

NOTE: The next Full Board meeting is scheduled for October 19, 7:30 p.m.

Fall Fund Drive

The goal is \$175,000 and 6,000 new subscribers. We have provided a schedule of our fundraising, October 4 through October 18. If the Dodgers and Angels are in the playoffs and World Series, we will not do fundraising during those times. (Last year with the Dodgers in the World Series, we could not raise money opposite the games). If that is the case, the Fund Drive will be extended a few days in November.

ReggaeWeek

A major Reggae event will occur on the KPFK airwayes during the week of October 11th through the 16th, every night, Monday through Friday 7:30 p.m. to midnight, and Saturday 2 p.m. to 6 p.m. and 9 p.m. to midnight. Kwaku Lynn will present a Spirit Flight Reggae Special featuring Reggae music, it's history and philosophy, plus exclusive interviews with such artists as Bob Marley, Jimmy Cliff, Peter Tosh, Gregory Isaacs, Yellowman, Michael Rose and Puma Jones of Black Uhuru, and more. Also, a very exclusive interview with Don Taylor, who managed Bob Marley and Jimmy Cliff, and currently manages Gregory Isaacs. Hear him reveal facts about Bob Marley never before heard on radio, and hear Bob's warm discussion with students at U.C.L.A. (Bob's last appearance in Los Angeles). Peter Tosh, Jimmy Cliff, Gregory Isaacs

and Yellowman give insights into themselves in rare candid interviews

Enjoy the historic events of Gregory Isaacs and Yellowman's first-ever performances in Los Angeles, recorded by KPFK at the Roxy and Country Club, respectively. Also enjoy a live Black Uhuru concert, recorded in New York.

Included are discussions by Kwabena Nketia, a world authority on African music and Professor of Music at U.C.L.A., on the African musical relationship to Reggae. There will also be a discussion on the history of the Rasta experience by Robert Hill, a Jamaican and Professor of History at U.C.L.A., and a leading authority on the subject.

On Saturday, 2 p.m. to 6 p.m., we will have an extra treat—four hours of Reggae music by Miss Wire Waist, a Jamaican who originally introduced Reggae to Los Angeles radio in the mid-seventies. Also on Saturday, Jimmy Hori's

Land of a Thousand Dances, 9 p.m. to midnight, will feature Reggae music. Of course, there will be many more interesting surprises throughout the week.

Musically, more Reggae music will be played during the week than ever before in Los Angeles radio history. Educationally, it is an opportunity to learn more about Reggae and its people than at any other time. Financially, you can show your appreciation and support—the entire program will be aired during KPFK's annual fund drive. After all, KPFK is a listener-sponsored radio station and cannot survive without your support.

Don't miss this major Reggae event of the year! And for a weekly delight, be sure to tune in to Spirit Flight every Wednesday night at 8 p.m., hosted by Kwaku Lynn. Enjoy black music and poetry from around the world. Hear you there!

Middle East

This one hour documentary takes you right inside the military training camps run by rightist Cuban and Nicaraguan exile groups. From U.S. soil they openly plan the invasion of their native countries and boast about who has the most support from the CIA and the State Department. Ronnie Lovler penetrated these camps as well as the secret world of the exite underground and brought back this blockbusting program. This story has been judged one of the ten most censored newstories of 1981 by the Sonoma State College Project Censored. This is truly a highpoint of Pacifica News' coverage of the Central American and Caribbean situations.

The program airs Wednesday, October 6 at 7:15 a.m., and Friday, October 8 at 3:30 p.m.

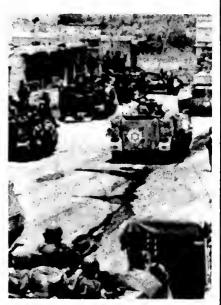

William Powell holds degrees from the Juilliard School, the University of Alabama, and California Institute of the Arts. He has appeared in music festivals on both coasts and as a fellowship participant at the Aspen Music Festival, he helped organize and was a lecturer/performer in the festival's first workshop-seminar on performance aspects of new music.

Following his graduation from Cal Arts in 1979, Powell joined the Cal Arts music faculty before accepting his current position at the University of California, San Diego, where he teaches woodwinds, chamber music, and contemporary music performance. He is also conductor of the UCSD Wind Ensemble, clarinetist with SONOR (the UCSD faculty ensemble devoted to performance of 20th century music), and is founder and director of the UCSD Clarinet Choir which was invited to perform at Clar-Fest '82 in Washington D.C.

William Powell will be Jeannie Pool's special guest on Noon Concert, Music of the Americas, on Monday, October 4. Don't miss it!

Among the programs to be heard during these specials are documentaries on the people of Beirut as well as the Jewish American response to Israel's war in Lebanon. We'll also hear from the Israeli Peace Now movement, the Begin government and the Palestinians as only Pacifica dares to bring it all to you. Listen and support us. The program airs Wednesday, October 13 from 7 to 9:30 a.m., and Friday, October 15 from 2 to 6 p.m.

ROYAL-OCT. 23-24 ESQUIRE-OCT. 30-31

"ALICIA ALONSO in her prime...She is not the faint-hearted maiden, but rather a fun-loving, self-secure woman. 'Giselle' is really a Cuban classic borrowed by the French." -Paul Hertelendy, Dance Critic, OAKLAND TRIBUNE

Letters

To the staff and management of KPEK:

New Jewish Agenda would like to express its deep disappointment in the public affairs staff of KPFK which chose to broadcast a virulent, anti-Semitic article at the height of the Israeli invasion of Lebanon. The article, "The Jewish Religion and its Attitude to Non-Jews," by Israel Shahak, purports to be primarily chauvinistic and totalitarian—thus "explaining" modern-day Zionism and, by implication, present Israeli government actions toward the Palestinian people and in Lebanon.

We reject the insidious, racist implication that there is somehow only one way to represent any people's religious history so as to find inevitable the predominance of political reactionaries among that people. We cannot imagine that such a-historical nonsense about Christianity as a whole, or Islam, would get respectful treatment on KPFK. And we would make equal effort to denounce such bigotry if it did.

New Jewish Agenda is profoundly disturbed that the public affairs staff at the station would broadcast such an article in serial form, and defend its point of view to listeners calling in, at the very moment when progressive Jews, acting in the spirit of a well-established progressive Jewish tradition, are working in the community to encourage dissent on Israel's current actions. The fact that the article was authored by a Jew who also works for human rights in Israel does not lessen the anti-Semitic effect of its analysis of the Jewish religion.

More than a hundred years of struggle by Jews in all the major social battles of the late nineteenth and twentieth centuries gives he to the idea that the Jewish tradition produces primarily reaction. Those in the Yiddish language

sections of Eastern European and American working class movements at the turn of the century-many of whom gave their lives—would find such an analysis quite puzzling. It is axiomatic that the left, in virtually all countries with a sizable Jewish population, contains numbers of Jews much greater than their proportion in the general populace. Both secular and religious Jewish traditions, going back to the teachings of the prophets. posit the quest for justice as a central pillar of Jewish thought, As a modern people. Jews use these traditions as they will-as with any other religious group, anyone is free to quote scripture, even the devil, But to claim that progressive and humanistic traditions are not present in "authentic" Judaism-rather than claiming that this heritage has all too often been netraved-is to take the "devil's" part.

We urge our sisters and brothers at KPFK to become aware of the richness of Jewish labor history; the writings of the great Jewish secularists who combined Jewish tradition with modern socialism, and the contemporary movements for reconciliation with Arabs and Palestinians within the Jewish community today. Above all, we urge them to listen to the voices of the 100,000 Israelis who demonstrated in Tel Aviv this summer against the invasion, most of whom proudly call themselves Zionists!

We urge that the KPFK public affairs staff repudiate this left-wing version of the "Protocals of Zion."

We understand that an important court decision has just legalized the issuing of editorials by non-commercial stations. We hope that KPFK will take this opportunity to editorialize against all forms of anti-Semitism-particularly *this* naive or opportunistic, left-wing variety—and encourage both Jewish and Palestinian peace forces to get

on with the real work at hand.
Sincerely,
Steering Committee
New Jewish Agenda, L.A.

Reply:

First, as a point of information, the reading in question was not put on the air by the News and Public Affairs Department. It was read in serial form by decision of the Program Director and Suzi Weissman after Suzi read a brief portion of it on *Read All About It.* She immediately received thirty phone calls, almost all favorable to the article, from people asking for transcripts or to hear the rest of the Shahak piece.

We regret that you perceive the article as being anti-Semitic. Perhaps a closer reading of the piece will bring to your attention the fact that Shahak, a survivor of the Bergen-Belsen death camp, devotes a good deal of critical attention to the origins of anti-Semitism.

The article in question does direct some very piercing criticisms at traditional Jewish religious teachings. However it is a gross distortion to call this anti-Semitic. We know that the New Jewish Agenda will agree that to criticize Israel is not necessarily to be anti-Semitic. In the same sense, to criticize traditional Jewish religious precepts is neither necessarily anti-Semitic.

We will inform you that the Shahak piece provided the largest volume of listener response the station has had in years. We have received just under 200 requests for transcripts. 90% of the mail received is favorable. More than any other program that has recently been aired, the Shahak readings were broadcast out of what is called "popular listener demand."

We would have been remiss, we feel, to have ignored this demand and to have censored the article.

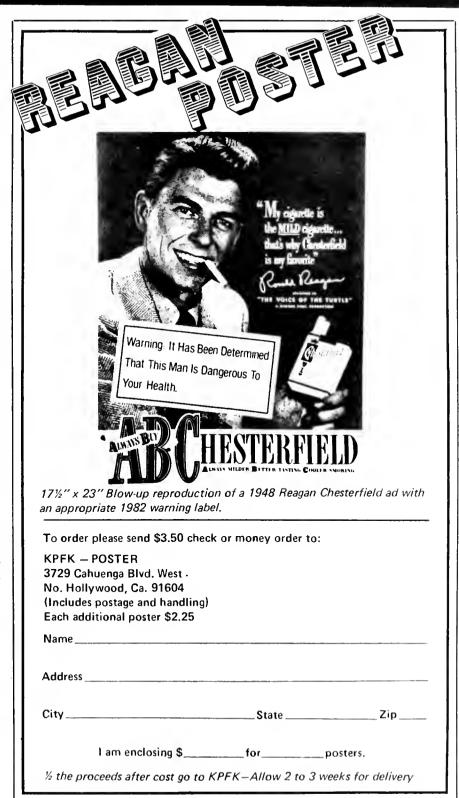

While we invite your feedback and comments we must also challenge you to name any other outlet that has devoted more time to the "richness of Jewish labor history, the writings of the great Jewish secularists who combined Jewish tradition with modern socialism, and the contemporary movements for reconciliation with Arabs and Palestinians" than KPEK.

We feel KPFK does not have to "prove" its commitment to fighting racism and prejudice by engaging in newly-permitted FCC editorials. We will, as in the past, continue to provide a wide range of views on all subjects and on the Middle East. And in this particular last case, that means airing responsible views that agree with the Begin government, that criticize it, that support the PLO and condemn it, and that analyze current and historic Jewish thought from mainstream and critical points of view.

The Shahak article is, in our opinion, a critique of what can be called "Jewish Cultural Nationalism." Cultural nationalism is a topic that has been profoundly debated by the progressive communities. We see no reason why Jewish Cultural Nationalism should be exempt from such scrutiny.

What exactly does **earworks**

do?

Earworks designs and installs musically satisfying home audio systems, or counsels you in your own equipment purchase. A housecall diagnosis and repair service is also available.

Discount stores are not good places to go for advice. Market pressures force them to recommend components for reasons that have nothing to do with how well they reproduce music. Earworks' principal stock-in-trade is information and know-how, wedded to a reliable sense of how real, live music sounds. Earworks isn't beholden to any manufacturer. We can't offer you discounts, but we can quide you toward the most musical system in your price range. If you wish, your system will be set up and voiced by a thoroughly experienced audio professional.

Your Subscription

The Computer.

Our computer is located in Santa Barbara. Your payment may not go into the computer as quickly as you might think because payments go to our lockbox and through the bank before they are fed into the computer. This process often takes more than a week from the time you send your payment. So, if you send your check by the 1st of the month, you may receive the Folio for the following month.

Bill Payment.

Always send a bill with your check! We cannot credit your account correctly unless we know exactly what your check is paying for. If you send a check for a pledge payment without a bill, you might get credit for a new subscription and still be billed for your original pledge.

First Class Folio Mailing.

The Folio is mailed Second Class, and should take 2 to 5 days to get to most places. Unfortunately, our experience has not been good, especially with outlying areas. First Class mailing is available for \$10 extra per year (prorated at 85 cents per month for current subsrciptions). If you get your Folio on time but would like to receive it well before the first of the month, you may want to get the First Class service.

I Didn't Get My Folio . . .

The Folio is mailed before the 24th of the month. If you have not received your Folio by the first of the month.

- 1) Check your subscription expiration date on the previous Folio mailing label (upper right hand corner of label).
- 2) Make sure you haven't moved without notifying us.
- 3) If you haven't moved and are currently enrolled as a subscriber, contact your local postmaster about delivery.
- 4) Send us a previous Folio label with an explanatory note and request a new Folio be sent to you.

Moving / Address Changes.

If you move, your Folio will not be forwarded unless you have requested Second Class forwarding from the Post Office. The best way to ecpedite an address change and assure continued receipt of the Folio is to contact us in writing 6 weeks before you move, giving us your name, old zipcode, and new address. There is an address form on the back page of the Folio that you can clip: it already has your current mailing label on its back. Always include your account number at the top of your Folio label for instant handling. Address changes that we get back from the Post Office cost us 25 cents apiece. Changes can take 8 weeks to affect vour account.

Prisoner Subscriptions.

KPFK sends a free subscription to any prisoner upon request.

Cassette Folios for the Print Hand-

icapped. The Folio is available on cassette (returnable) to all print handicapped subscribers. If you'd like to receive the Cassette Folio, please tear off the address label on the back of your Folio and send it along with a note (or you may call). Within 2 months, you'll be receiving your complete program guide on cassette. The cassettes are returned to us at the end of each month to be re-used.

Exchange Mailing Lists.

KPFK exchanges and rents its subscriber lists to other organizations of common interest (Channel 28, Ralph Nader, ACLU, etc.). If you don't want to be on exchange mailing lists, send your Folio label to the Subscriptions Department and ask for an "NJ" code. Your name will then be automatically excluded from all mailings except for the Folio and other communications from KPFK.

moving?

Your Folio will NOT be forwarded automatically to your new address. It will be returned to us after a few weeks with your new address on - probably not in time for the next Folio. So to avoid missing out, fill out this coupon and return it to us, with your current (old address) label still attached to the reverse side.
